Abstract

Overview of some user stories.

1 USER STORIES 1-17-17

1.1 Professors

I am a professor: I would like to handle books, accounting, and editing.

1.1.1 *Book Stuff*

I would like to Preview a Book: mine and others.

- See a list of my books.
- See a list of others books.
- Search for books
- Remix a book (fork)

1.1.2 *Account Stuff*

I would like to Log in to my account and modify my account info

1.1.3 *Editing*

I would like to:

- Remove a chapter from a book.
- See the chapter listing.
- Preview a chapter
- Move content in chapters around
- Add new content (write / add)/(fork own listings)/(search) to a chapter
- Remove content from a chapter

1.1.4 *Content*

I would like to write in a WYSIWYG interface (stretch goal) or in an 'advanced' view tex interface (with a preview)

1.1.5 *Remixing (forking)*

Once you hit Remix, you can't push changes backwards (no merge conflicts)
